

# OG *m*Tech 2016

The 2nd International Exhibition on Manufacturing Technology for Oil & Gas

29 NOVEMBER – 2 DECEMBER 2016  
MARINA BAY SANDS • SINGAPORE

## The Definitive Manufacturing Solutions Event for Asia's Oil & Gas Industry

Held Alongside:

[www.ogmtech.com](http://www.ogmtech.com)

# OGmTech2016 to Deliver Advanced Manufacturing Technology for Asia's Oil & Gas Industry

Following a successful debut in 2014, OGmTech2016 returns as a strategic platform for technology providers to showcase cutting-edge manufacturing solutions for Asia's oil & gas industry. As oil & gas companies strive to improve efficiency and maximise profitability amidst an increasingly challenging and competitive landscape, the role of innovative technology is integral.

Technology acts as a key driver as oil & gas companies embark on developing new resources and seek solutions to manufacture better quality products which are able to withstand harsh unpredictable environments. To meet the high demands of the industry, the integration of precision engineering capabilities is essential, especially for building parts and components with complex requirements.

Held alongside OSEA2016, a must-attend event for oil & gas professionals in Asia, international manufacturing solution providers at OGmTech2016 can look forward to connecting with leading oil & gas equipment manufacturers and companies who will be sourcing for the latest technologies to enhance their production processes.

## Positive Reviews from Exhibitors

“A-Tech Marketing has been supplying machinery to oil & gas equipment manufacturers since the 1990s. At OGmTech2014, we featured strong industry brand names such as Toshiba Machine, WFL Millturn Technologies and Innovative Tooling Solutions. The show has been good and we are happy to meet quality visitors including FMC Technologies, GE Oil & Gas and Halliburton.”

**Mr Soh Peng Kuan, Sales, A-Tech Marketing Pte Ltd**

“The oil and gas industry has become an increasingly important market for us over the past decade. We are here to showcase our products and machines which are well-suited for the tough environment of oil & gas activities. We wanted to network with existing clients as well as to establish contact with new customers, and OGmTech2014 has worked out very well for us.”

**Mr Klaus Ludwig, Vice President, Hwacheon Machine Tool Co Ltd**

“The oil & gas industry is an important one for us. At OGmTech2014, Mitutoyo showcased the Coordinate Measuring Machine (CMM); the CMM Crysta-Apex S9108 - a revolutionary 5-axis Scanning Measuring System. We are very pleased with the strong enquiries for this system as it meets the industry's demand for faster measurement throughput and greater CMM utilisation for complex large size components manufacturing.”

**Mr Desmond Yee, Senior Regional Manager, Mitutoyo Asia Pacific Pte Ltd**

## Exhibit Profile

**If you provide the following solutions for the oil & gas industry, you are invited to exhibit at OGmTech2016.**

- » 3D Printing Systems
- » Accessories & Ancillary Products
- » Composites & Composite Processes / Machining
- » Contract Manufacturing
- » Control Systems & Instruments
- » Coolants & Lubricants
- » Coordinate Measurement Equipment
- » Cutting Tools & Tooling Technology
- » Electronics, Sensors and Diagnostics
- » Industrial Coating
- » Intelligent Automation Systems / Robotics / System Integration
- » Manufacturing Processes (Heat treatment, Machining, Fabricating, Sintering, Forging etc)
- » Material Handling and Storage Technology
- » Materials – Graphite, Steel, Plastics
- » Metalcutting Machine Tools
- » Metalforming / Sheetmetal-Cutting Machine Tools
- » Plastic Moulding Machines
- » Software & Design (CAD/CAM, CAE, Rapid Prototyping)
- » Surface Finishing Technology, Thin-Film Processes
- » Test & Measurement Devices & Systems
- » Tools & Dies
- » Welding, Cutting, Hardening, Heating
- » Wire and Tube Working Machines & Technology
- » Workholding / Setting Devices

*(This list is not exhaustive and is meant as a guide only)*

## Visitor Profile

Build your business and meet targeted buyers from oil & gas related fields.

- » Approval, Testing & Inspection Services
- » Education & Training
- » Engineering, Construction & Contracting Services
- » Decision Makers / Engineers / Purchasers from
  - Integrated / National Oil Companies
  - LNG / Petrochemical Plant
  - Marine Engineering
  - Oil Well Drilling
  - Pipeline Inspection and Maintenance
  - Pipeline Operation
  - Rig- and Ship- building / Maintenance / Repair
  - Rig and Ship Operator / Management
- » Manufacturers of
  - Lifting Equipment, Cranes & Winches
  - Linings, Seals and Gaskets
  - Pumps and Compressors
  - Valves and Actuators
  - Subsea Production & Well Equipment
  - Well Servicing Equipment
- » Project Management, Consultancy
- » Trade Association

*(This list is not exhaustive and is meant as a guide only)*

## Network with Quality Attendees

Key decision makers, buyers and representatives from major oil & gas companies were present at the previous edition of OGMtech/OSEA. These companies include:

AKER ENGINEERING INTERNATIONAL • AMERSTRAND ENGINEERING • AS-SCHNEIDER ASIA-PACIFIC • ASL SHIPYARD • BAKER HUGHES • BUMI ARMADA • BW OFFSHORE • CAMERON • CATERPILLAR PROPULSION • CHIYODA • COSCO SHIPYARD • DAEWOO SHIPBUILDING MARINE ENGINEERING • DAMEN SHIPYARDS GROUP • DDW-PAXOCEAN SHIPYARD • DRIL QUIP • DRILMACO • EMAS • EMS ENERGY • FMC TECHNOLOGIES • FRANKLIN OFFSHORE • GE OIL & GAS • HALLIBURTON • HYUNDAI ENGINEERING & CONSTRUCTION • ITI MARINE & OILFIELD • JAYA SHIPBUILDING & ENGINEERING • JEBSEN & JESSEN OFFSHORE • JURONG SHIPYARD • KEPPEL SHIPYARD • KEPPEL SINGMARINE • MAERSK DRILLING • MALAYSIA MARINE & HEAVY ENGINEERING • MARCO POLO SHIPYARD • MCDERMOTT ASIA PACIFIC • MECH MARINE ENGINEERING • MENCASD PROCUREMENT • MITSUBISHI HEAVY INDUSTRIES • MODEC OFFSHORE PRODUCTIONS • NATIONAL OILWELL VARCO • NEWCRUZ SHIPBUILDING & ENGINEERING • NIPPON STEEL & SUMIKIN ENGINEERING • PROFAB GROUP • QINGDAO SHIPYARD • ROLLS-ROYCE • SAIPEM SINGAPORE • SAMSUNG HEAVY INDUSTRIES • SAPURAKENCANA DRILLING • SCHLUMBERGER • SEMBAWANG SHIPYARD • SEMBCORP MARINE • SINGAPORE TECHNOLOGIES MARINE • ST KINETICS INTEGRATED ENGINEERING • TECHNIP • TRIYARDS MARINE SERVICES • WÄRTSILÄ • WEATHERFORD ... & many more!

## The Catalyst for Asia's Oil & Gas Industry

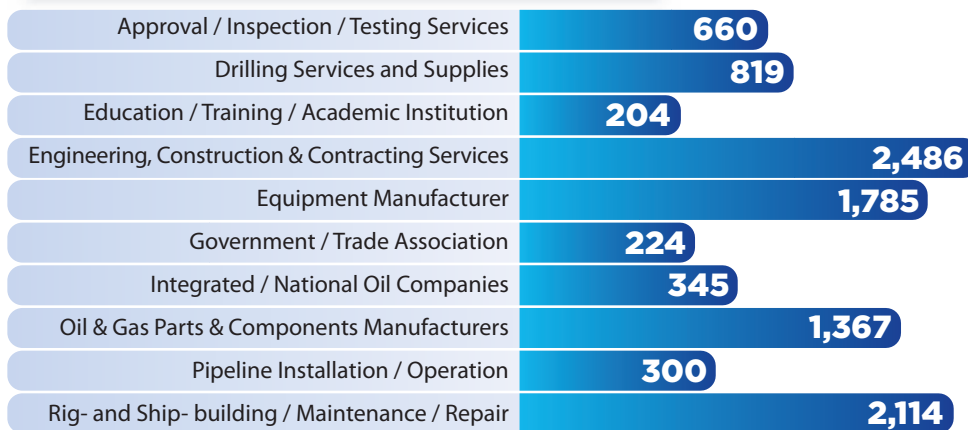

Established since 1976, OSEA has grown to be the leading oil & gas event in Asia with a strong track record of international participation. Trade professionals make it a point to attend the biennial event as it proved to be an effective platform for networking and to be updated on the latest developments in the industry.

The 21st edition of OSEA will continue to evolve and stay relevant to the needs of Asia's oil & gas industry. With more than 28,000 trade attendees expected to congregate at the 4-day exhibition, OSEA2016 is set to open doors to new business ideas and opportunities.
